

## Modulex - Macer Exterior

Simplicity is the keyword for Macer – from design to construction.

With its clean lines, Macer will support your message regarding identity or wayfinding and has set new standards within exterior signage.

### Shapes

Due to its freedom of construction, any panel shape can be achieved at almost any size.

### Materials

Macer is designed to resist wind and weather. Constructed from galvanised steel, etronite and painted aluminium, Macer will look good for a long time. Panels can be changed over time to support your changing brand or communication needs.

### Colors

Panels are stove-enamelled to your colour specifications to create a superb lasting finish and are available in 128 different standard colours and more than 3,000 special colours.

### Text and graphics

Macer gives designers the freedom to create any style of sign they want, from bold and innovative to simple and elegant. The flexibility means that Macer signs can be used in any environment, in parks and gardens or even alongside the most modern architecture. The solutions available includes vinyl, digital print and print on panel.
