## Modulex - Messenger Interior

Messenger Interior combines leading edge design with outstanding resilience. The sharp lines and superb finish create an impression that is both bold and contemporary. The panels are built from modules that can be moved around and combined to create 100% individual solutions that are easy to update. Messenger Interior supplements Messenger Exterior to create an aesthetically cohesive look both in and outdoors.

### Shapes

With more than 50 standard sized panels, the range includes everything from table stands to monoliths. And if a standard sized doesn't meet your needs, we'll produce one that does.

### Materials

All components are manufactured to ISO 9001 standards, guaranteeing consistency and quality of finish.

### Colors

Panels are stove-enamelled to your colour specifications to create a superb lasting finish. There are 128 different standard colours and more than 3,000 special colours. For all Tactile signs, panel colors are gloss 15 matt, all paperflex glass are matt and all fittings are MX17 dark grey.

### Text and graphics

Messenger Interior gives designers the freedom to create any style of sign they want, from bold and innovative to simple and elegant. The flexibility means that Messenger Interior signs can be used in any environment. The solutions available includes vinyl, digital print, print on panel and tactile. All text on the Tactile signs are raised, and if requested, braille may be applied.

### Questions?

For further information concerning technical data, sizes, custom or your own specified and configured signs, do not hesitate to get in touch with us. You will find our contact information at the bottom of this page and on: [www.lexsign.se](http://www.lexsign.se)

### Warranty

We provide a 2-year production warranty on all parts.

### Environment

With a very few exceptions, all parts are made at our factory in Denmark and are therefore subject to some of the most stringent environmental requirements in the world. Moreover, in recent years we have received recognition and numerous awards for our ongoing work to minimise environmental impact and create a green, climate-friendly company.

### Quality

Modulex has been awarded the ISO 9001 standard.
