### Shapes

Light Pylon is a monolith that allows you to create your own preferred size and design.

### Materials

Light Pylon is made of acrylic, aluminum and galvanized steel for strength and durability.

### Colors

Panels are powder coated to your colour specifications to create a superb lasting finish.

### Text and graphics

Light Pylon offers three different ways of creating a unique illumination effect.

Illuminated push-thru acrylic logo or text.

Backlit aluminum front with milled logo or text.

Acrylic front with logo or text in vinyl.
