

## Modulex - Infinity Classic

With Infinity Classic, you've got free hands to create your own, personal look. There's an unlimited colours and materials, including wood, metal and composites. By combining a fixed back plate with exchangeable fronts, you can create a sign that meet your brand and design specifications.

In short, Infinity is the most flexible sign system out there.

### Shapes

Infinity Classic offers wall, projecting, suspensional, floor and table signs. The panels are mounted on a unique back grid that makes it a truly modular system. Available panels consists of a broad range of various sizes and uses.

In addition, many of the panels can be supplied as Paperflex models, making it possible to change the information displayed in the blink of an eye.

### Materials

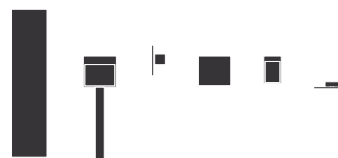

Infinity Classic panels are made of 3 mm thick aluminium of the highest quality.

### Colors

Panels are stove-enamelled to your colour specifications to create a superb lasting finish. There are 128 different standard colours and more than 3,000 special colours. For all Tactile signs, panel colors are gloss 15 matt, all paperflex glass are matt.

### Text and graphics

Infinity Classic gives designers the freedom to create any style of sign they want, from bold and innovative to simple and elegant. The flexibility means that Infinity Classic signs can be used in any environment. The solutions available includes vinyl, digital print, print on panel and tactile. All text on the Tactile signs are raised, and if requested, braille may be applied.

### Questions?

For further information concerning technical data, sizes, custom or your own specified and configured signs, do not hesitate to get in touch with us. You will find our contact information at the bottom of this page and on: [www.lexsign.se](http://www.lexsign.se)

### Warranty

We provide a 2-year production warranty on all parts.

### Environment

With a very few exceptions, all parts are made at our factory in Denmark and are therefore subject to some of the most stringent environmental requirements in the world. Moreover, in recent years we have received recognition and numerous awards for our ongoing work to minimise environmental impact and create a green, climate-friendly company.

### Quality

Modulex has been awarded the ISO 9001 standard.
