

Modulex - Compass

Compass is a flexible system for outdoor signage and offers you a complete flexibility regarding design. There are a wide range of panel heights, shapes and sizes.

Posts come in a variety of shapes and designs so they can provide a discrete support or become an integral part of the sign.

Compass gives you the freedom to design your individual solution, from bold and innovative to simple and elegant.

Shapes

Compass offers double post signs, fingerpost units, wall signs, and striking monoliths up to six metres high. If you need to update signs frequently, you can even choose Paperflex with an acrylic front.

Materials

Compass is designed to withstand all weather conditions, accidental damage and even vandalism. The panels are made entirely from aluminium and then oven hardened to your colour specifications to create a superb lasting finish. In-built lighting can be combined with the featured sign.

Colors

Panels are stove-enamelled to your colour specifications to create a superb lasting finish and are available in 128 different standard colours and more than 3,000 special colours.

Text and graphics

Compass gives designers the freedom to create any style of sign they want, from bold and innovative to simple and elegant. The flexibility means that Compass signs can be used in any environment, in parks and gardens or even alongside the most modern architecture. The solutions available includes vinyl, digital print and print on panel.

Questions?

For further information concerning technical data, sizes, custom or your own specified and configured signs, do not hesitate to get in touch with us. You will find our contact information at the bottom of this page and on:

www.lexsign.se

Warranty

We provide a 2-year production warranty on all parts.

Environment

With a very few exceptions, all parts are made at our factory in Denmark and are therefore subject to some of the most stringent environmental requirements in the world. Moreover, in recent years we have received recognition and numerous awards for our ongoing work to minimise environmental impact and create a green, climate-friendly company.

Quality

Modulex has been awarded the ISO 9001 standard.
